104 Days Around the South Pacific

Delightful New Zealand

Dear Friend—

From Fiji, we turned southwards toward New Zealand. After a day of turbulent seas—the worst we've experienced to date—we arrived in Auckland. No sightseeing for us—it was laundry/haircut/bar restocking/internet updates for us. Next day was the world famous hot springs in Rotorua, followed by the delightful art deco town of Napier. We have decided that we like New Zealand a great deal—fabulous outdoors; friendly people; everything neat and tidy; and the best tourist infrastructure we've seen anywhere.

We've resolved to come back and spend an entire winter here. If you'd like to reach more about our time in NZ (or, Godzown as they call it), check out [this](#) link (which we hope works, this time, sorry!)
